The Tree of Life BY R•EVOLUTION

Tree of Life

Strikingly unique from your very first glimpse, Eywa instantly evokes a glorious Tree of Life.

An organic canopy of branches, an enticing weave of roots, a living breathing building that represents timeless wisdom and enduring growth.

Open round columns, intertwining branches and trunks personify the Banyan tree, the Tree of Life, whose branches support our world and whose roots spread down into the underworld, a symbol of the constantly renewing and reviving world, an inexhaustible source of life.

○ —————

Architectural inspiration, banyan tree

Wellness that goes beyond

At the heart of Eywa's philosophy is a profound dedication to enhancing the well-being, health and longevity of its residents. Drawing inspiration from ancient knowledge about human nature and combining it with the latest advancements in healthcare, technology, and community development, Eywa offers a holistic approach to urban living like never before.

Each residence is a light-filled spacious haven, with floor-to-ceiling windows framing breathtaking cityscapes. Seamlessly blending contemporary design with stunning natural elements, each unit features greenery, a private pool and waterfall, and unique stone slabs, fostering a deep connection to nature.

Quality of Life BY R•EVOLUTION

APARTMENT TERRACE

eywa.de

A Manifesto for Sustainable Living & Future Lifestyle

At Eywa, our creativity and intellectual curiosity drive the development of our designs, setting us apart in refreshingly unique ways. We are excited to bring this innovative approach to life in Eywa, where thoughtful design creates a serene environment amidst the vibrant landscape of Dubai.

Within Eywa, you'll discover serene spots to relax and immerse yourself in nature. The gentle rustle of plant leaves and the soothing sound of waterfalls create an atmosphere that encourages you to be present, embracing the beauty of the "here and now" in this important moment of your life.

The Most Health Conscious & Sustainable Building on Earth

The Tree of Life BY R•EVOLUTION

eywa.ae

APARTMENT TERRACE

Promoting Health & Longevity

Eywa emphasizes the importance of holistic well-being, encompassing physical, mental, and emotional health. By adopting healthy lifestyle practices, nurturing relationships, and prioritizing self-care, you can enhance your longevity and vitality.

Imagine feeling thoroughly, unequivocally well.

Mental clarity.

Relentless energy.

Living life to the fullest.

Here at Eywa, we are committed to helping our residents to unlock their health potential – mentally and physically.

Eywa is one of a few Vastu Shastra* compliant multi storey residential buildings in the world

* Vāstu-Śāstras is an ancient science of enhancing positive and eliminating negative energies in and around a place or person; and the more positive energies are around you, the more abundance is drawn to you.

The Tree of Life BY R•EVOLUTION

A home where harmony & balance are a way of life

By incorporating crystals throughout the building, including in the foundation and the internal spaces that work together we create positive energy flow, an environment where people can thrive – mentally, physically and spiritually.

Picture a place where conflicts melt away, concentration soars, and creativity flourishes. That's what you can expect with crystals at work. Our combination of crystals scientifically designed to work together help us sharpen our minds, help us find solutions to life problems, and inspire confidence in our own decisions. Specific crystals, geodes and precious stones are placed in columns and concrete slabs from the bottom to the top of the building in a unique pyramid shape, as well as crystal gardens and Travertine floors in public areas that will work together to bring positive energy within each and every space in Eywa.

This system allows:

- to fill the building with energy,
- to clean the space from the dark manifestations of human nature,
- to reduce conflict,
- to increase concentration and ability to solve mental tasks,
- to harmonize the space for a happy life,
- to promote the development of mental and physical abilities,

Crystals such as Selenite, Malachite, and Green Jade aren't just for show – they're powerhouses of positive energy, carefully selected to bring balance and bliss to every corner of Eywa. Our ancestors knew that the key to a happy, healthy home lies in harnessing the forces of nature. And that's exactly what we're doing. From the foundation to the rooftop, every inch of this place is infused with the wisdom of the ages.

Crystal Pyramid Within The Building

Eywa is the first and only residential building with a built-in pyramid featuring 3,355 semi-precious stones and crystals.

This unique architectural element is designed to enhance the health and increase the life expectancy of all those residing within. It helps boost focus, enhances cell regeneration and dispels conflict.

FRONT VIEW

TOP VIEW

Taste

Pleasant surprises for residents, such as specially selected exclusive kinds of coffee, some treats made from natural ingredients, in the Club House and the Main Hall. The Chef's Table at the restaurant at Eywa's Apartment, where you can pre-order your favorite dishes prepared to your taste and with ingredients purchased from your list.

Smell

The air in the public places is saturated with the aroma of the Bali jungles (*ylang-ylang, jasmine, champak*) - a special fragrance created specifically for Eywa on the basis of essential oils. Blooming throughout the year trees and shrubs fill the air with a delicate aroma.

Touch

Natural rough surfaces both in interior design and in architecture, including crystals, which are recommended not only to admire, but also to touch.

SENSORIAL EXPERIENCE

Hearing

High-End acoustic systems capable of transmitting vibrations with a frequency of 432 Hz, which enhance the regeneration and soothe the body, are in the Club House, SPA, the Main Hall and Gym.

Spatial High-End 3D, 360° audio in the Main Hall helps a person to be in the here and now as the most important moment of his life. The music is chosen to harmonize energy and life in Eywa.

Light

Specially selected soft yellow light color that can be adjusted depending on the scenario, and no aggressive direct light, only hidden light sources in public areas.

Subdued base light intensity from reflected or hidden sources, both facade decorative elements and trees illumination work as reflected light sources, outdoor fireplaces and an open air cinema.

Equilibrium

Flying art objects in the atrium of the Main Hall, flying trees on the facade, waterfalls - on the facade and in some apartments, flying dining areas on the terraces in the apartments with stunning views.

Connecting with Nature Community

Eywa underscores the importance of connecting with the natural world and engaging with your community. By immersing yourself in nature, participating in community initiatives, and supporting environmental causes, you can cultivate a sense of belonging and stewardship for the planet.

SUSTAINABILITY & WELL-BEING

EYWA strongly supports green development, sustainability and anticonsumerism and, using energy efficient systems, aims to reduce energy consumption by at least 40% compared to traditional designs and standards. Only durable materials of the highest quality sourced as per LEED Platinum, WELL Platinum requirements, are used for the exterior and interior design, following our principle of anti-consumerism and contributing to the reduction of the carbon footprint.

LEED PLATINUM CERTIFICATION

LEED Certification (Leadership in Energy and Environmental Design) is the most widely used green building rating system in the world. To achieve LEED certification, a project earns points by adhering to prerequisites and credits that address carbon, energy, water, waste, transportation, materials, health and indoor environmental quality. LEED certified buildings save money, improve efficiency, lower carbon emissions and create healthier places for people.

The goal of LEED and WELL is to create better buildings that:

- Reduce contribution to global climate change
- Enhance individual human health
- Protect and restore water resources
- Protect and enhance biodiversity and ecosystem services
- Promote sustainable and regenerative material cycle
- Enhance community quality of life.

What does LEED Platinum & WELL Platinum give to you?

1. These certificates guarantee the highest and the most sustainable quality materials and technical solutions used in the building development.
2. Working in such a building brings a beneficial impact on your health and longevity: both mental and physical.
3. Utility bills are much lower than in an ordinary building due to energy efficiency and durability of the materials used.
4. There are few buildings in the world that are both LEED Platinum and WELL Platinum certified, and customer awareness of the value of such buildings is growing every year. That is why such buildings are the best investments and are the most competitive and valuable product in the real estate market even at resale.
5. You contribute to the conservation of the planet's resources and life on the Earth.

OUR PRIORITIES ARE: WELL-BEING & SUSTAINABILITY, UNITY WITH NATURE & COMMUNITY.

WELL PLATINUM CERTIFICATION

WELL Certification is managed and administered by the International WELL Building Institute (IWBI), a public benefit corporation whose mission is to improve human health and wellbeing through the built environment. WELL Building Standard measures attributes of buildings that impact occupant health by looking at seven factors, or Core Concepts: Air, Water, Nourishment, Light, Fitness, Comfort, Mind. WELL optimizes cognitive and emotional health through design, technology, and treatment strategies.

Material selection rooted in mindfulness & sustainability

We prioritize materials that emit positive energy and promote harmony within living spaces. Natural elements such as wood, stone, and clay are favoured for their grounding and balancing effects:

Wood: Known for its warmth and grounding properties, wood fosters a sense of connection to nature and promotes relaxation.

Stone: Revered for its stability and endurance, stone imbues spaces with a sense of resilience and strength.

Clay: With its purifying and calming qualities, clay creates environments conducive to rejuvenation and well-being.

WOOD

The natural beauty

The richness of natural and solid wood. The exotic textures of veneers give the impression of a detailed and precise drawing embracing the art of the nature.

The wood is left in its natural state, with only minimal sanding and finishing applied to protect the wood and enhance its natural beauty. The required wood tonality is achieved with tinted wax or oil.

Australian Paldao veneered
doors with hidden hinges

Multilayer oak parquet

Multilayer beech parquet

STONE

The natural beauty

We appreciate the value of materials through contrasts.
Strong, natural textures and light, fragile accents.
Soft fabric and luxurious veneer.
Natural stone pattern and neutral plaster.

Honed matt travertine tiles are used for floors in dry areas,
the pitted surface is filled with transparent epoxide. In wet
areas brushed travertine tiles are used, with a rough, slightly
uneven surface that is less slippery when wet.

Elevate Your Living Experience

At Eywa, luxury and health-conscious living converge with exquisite kitchen and bathroom fixtures from Gessi and Rexa Design.

GESSI'S ORIGINI COLLECTION

With Origni, Gessi explores the emotional dimension of color, offering furnishing elements that combine to create original and personalized domestic scenarios in absolute freedom. Their commitment to functional research, material expertise, and craftsmanship results in an iconic, authentic, and timeless creative code that enhances any space.

REXA DESIGN BATHROOMS

Rexa Design reimagines the bathroom as a personal sanctuary. Focusing on sustainability and wellness, their innovative solutions allow for a tailored retreat that promotes relaxation and rejuvenation.

DISCOVER YOUR IDEAL SPACE

Ready to elevate your lifestyle? Visit the Eywa Experience Centre and see how Gessi and Rexa can transform your home into a haven of luxury and well-being.

Elevate Your Space with Luxury Dressing Rooms by Eywa

Eywa's dressing room collection embodies elegance and functionality, seamlessly integrating into luxury interiors. This sophisticated line features meticulously designed units that prioritize both aesthetics and practicality. Crafted from premium materials, including rich woods and elegant finishes, our dressing rooms provide a perfect blend of sleek lines and innovative storage solutions. Each piece is thoughtfully designed to create a serene retreat, reflecting the essence of luxury living. Eywa's commitment to craftsmanship and design excellence is evident in every detail, making this collection a standout choice for those looking to elevate their interior spaces.

Energy Principles in Architecture for Health & Longevity

Natural light: Maximizing natural light exposure enhances mood, regulates circadian rhythms, and promotes Vitamin D synthesis.

Biophilic design: Incorporating elements of nature indoors fosters psychological well-being and reduces stress.

Air quality: MERV14 filters with the possibility of natural ventilation, and non-toxic materials ensure prioritizing optimal indoor air quality, supporting respiratory health.

Water quality: Eywa combines the best that modern science has to offer: structured or activated water for drinking, water with the best pH for swimming pools and bathrooms.

FULL CYCLE FOR LONGEVITY

Physical, Mental & Emotional Health + Social connection

Lifestyle-related diseases such as obesity, diabetes, hypertension, heart attack, cancer, stroke, etc. are the leading causes of death and disability today. Prevention of these diseases (NCDs) is often significantly less costly than treatment.

Good lifestyle choices related to nutrition, physical activity, stress management, sleep, social habits and the environment are key to improved health and longevity.

PENTHOUSE YOGA ROOM

Transform Your Workout

NOHRD gym equipment combines innovative design with functionality, creating an exceptional fitness experience for home and commercial spaces. This premium collection features sleek, wooden construction that adds a touch of luxury to any environment, along with a range of customizable options to tailor workouts to individual needs. From versatile strength training systems to elegant cardio solutions, each piece is crafted with high-quality materials, ensuring durability and style. NOHRD's commitment to craftsmanship and ergonomic design makes their gym equipment a standout choice for fitness enthusiasts looking to elevate both their training and their spaces.

Discover a haven of rejuvenation in our upscale spa, boasting private massage and facial treatment rooms, as well as a luxurious beauty salon, all designed to create an unparalleled wellness experience within a prestigious setting.

Our state-of-the-art Wellness Spa is a fully-integrated part of the experience with a special program "How to improve your well-being with the help of a sauna, hammam and a cold plunge pool."

A lounge area with Faraday mesh curtains invites you to enjoy a very healthy relaxation, free from any electromagnetic waves.

Rituals Of Eywa

1. Sound Healing Session – once a week
2. Gong Ceremony “ Farewell To the Sun” – daily
3. Fire Ceremony (candles) – daily
4. Cinema Night – every Friday
5. Lectures/Masterclasses - once a week
6. Culinary Theater Performance – twice a week
7. Celebrations of the residents’ birthdays
8. Celebrations of all interational holidays

Experience a variety of flavors with our three distinct kitchens: a Vegetarian kitchen, a Vegan kitchen, and a Traditional kitchen, each designed to cater to diverse dietary preferences and promote a vibrant dining experience.

The Tree of Life BY R•EVOLUTION

In essence, Eywa is more than just a physical space - it is a philosophy, a way of life, a testament to the boundless potential of human existence. It invites individuals to dive deep into the ocean of possibilities, to embrace their true essence, and to embark on a transformative journey towards a more harmonious and enriched way of living.

The Tree of Life BY R•EVOLUTION

Water - The Essence of Life

Our body is like a symphony, with various resonant frequencies and interactions among cells and organs. Crystalline water serves as the backdrop for this conversation.

We transform tap water into liquid crystalline water, aligning it with the ideal frequency for bio-resonance with our cells. In Eywa, every apartment features pools and waterfalls, and the Amenity terrace boasts large pools, all filled with Alfa Omega water that continuously transmits beneficial frequencies and light. Whether you drink it, swim in it, or relax by a waterfall, Eywa ensures you benefit from these healing bio-resonance waves.

Additionally, by broadcasting heartfelt words, prayers, and soothing mantras through high-quality speakers in our water tanks and pools, we create a harmonious symphony that amplifies love and positivity, enhancing your well-being.
